

## **New framework agreement: Biostatistics Consulting Services**

Contract period: 2023-11-08 – 2027-11-07

The contract covers the following type of consultants:

- Senior Biostatisticians
- Biostatisticians
- Statistical Programmers

The contract will provide biostatistical support to KI researchers in areas such as:

- Clinical trials (e.g. statistical analysis plans, power calculations, study design, randomisation, programming, representation on safety monitoring boards)
- Study design and analysis of preclinical studies
- Design, data management and analysis of observational or other quantitative studies.

The procurement also includes statistical programming and training (e.g. participation in tailor-made specialised courses or short seminars and workshops for KI staff).

Exception: The procurement does not include tasks within KI's educational programmes.

### **Call-offs**

KI has framework agreements with a total of five (5) suppliers:

- Red Door Analytics
- SDS Life Science
- Statisticon
- Academy of Statistics
- Statistiska Konsultgruppen Sweden

KI can award call-off contracts in one of the following ways:

1. Award on the basis of a specific allocation key according to objective criteria (for needs below 300 hours).
2. Award following a renewed tender.

Further information, including the framework agreement and the call-off procedure, can be found in KI's contract catalogue or at [clincum@ki.se](mailto:clincum@ki.se).

## **Framework agreements for bouquets**

The framework agreement with Euroflorist for ordering bouquets expired on **2023-10-27** and KI is currently without a contract. The process of procuring a new framework agreement has begun and the tender is expected to be published in early 2024.

Until a new contract is in place, you can buy bouquets from any florist. Information about the new framework agreement will be communicated via this newsletter.

## **Reference group sought for procurement of framework agreement for Pipette Calibration Services**

Purchase and public procurement is looking for reference persons with product knowledge to help set the requirements for our upcoming procurement of **Pipette Calibration Services**.

Our current agreement expires on **2024-06-01** and we will start work on this procurement after the Christmas and New Year holidays.

Contact Mariam Barati if you would like to be part of the reference group [mariam.barati@ki.se](mailto:mariam.barati@ki.se).

## **Reference group sought for procurement of framework agreement for gene sequencing service – NGS**

Purchase and public procurement is looking for reference persons with product knowledge to help set the requirements for our upcoming procurement of **Gene Sequencing Service – NGS**.

Our current agreement expires on **2024-07-31** and we will start work on this procurement after the Christmas and New Year holidays.

Contact Margareta Fält if you would like to be part of the reference group [margareta.falt@ki.se](mailto:margareta.falt@ki.se).

## **Reference group sought for procurement of framework contract for DNA sequencing service – Sanger**
