Become a Fellow for Gender Equal Career Development (FIELD)

Join our program to promote gender equality in career opportunities at Karolinska Institutet

- A unique possibility to build strong networks with the participating fellows and mentors.
- Science-based knowledge on the topics and possibilities to relate own experiences to the different topics covered during seminars with leading researchers from different universities.
- Support and possibility for reflection in smaller mentoring groups about career opportunities.
- Deepened knowledge on a topic of choice through small assignment in groups that will contribute to strengthening gender equal meriting opportunities at KI.

Program period: October 2024 – May 2025
