

Curated Funding Opportunities in Pivot-RP

Curated funding opportunities (**Curated Opps**) can be accessed through the **Home icon** on your Pivot-RP profile.

Curated Searches created specifically for GPH are located here.

These include broader, overarching research themes and methods relevant to GPH (numbered group), narrower topic-specific research areas (A group), geographically clustered funders (B group), and key funders (C group).

The Curated Searches for topic-specific research areas can also be found on the [Grant support at GPH webpage](#).

Quick tips

Pivot-RP Profile

Include your **department and research group** (see available drop-down menu) in the Affiliations section of your Pivot-RP profile.

Affiliations

Grant strategist 
Karolinska Institutet

Organization

Karolinska Institutet

Department

Biology, English, ...

Department of Dental Medicine

☒ Department of Global Public Health

Community nutrition and physical activity (CoNPA)

Epidemiology and Public Health Intervention Research (EPHIR)

Epidemiology of Psychiatric Conditions, Substance Use and Social Environment (EPiCSS)

Equity and Health Policy (EHP)

Add **Keywords** to your Pivot-RP Profile. The most relevant Keywords for GPH will mainly be under Health and Medicine and Social Sciences, but some Keywords within Natural and Physical Sciences, Mathematics and Technology and other folders can also be applicable. **Be as specific as possible** with your selected keywords!

Keywords

▼ Health and Medicine

▶ Anatomical Systems or Sites

▶ Biomedical Engineering

▶ Biomedical Research Resources

▶ Disease

▶ Education or Instruction (Health or Safety or Medical)

▶ Environmental & Occupational Health & Safety

Based on this profile information, you will receive personal funding matches, called **Advisor** opportunities. These can be found under the **Home icon**.

Tips & Resources - Karolinska Institutet

Research Support at Karolinska Institutet

Research support at KI is provided by different units and departments. **Kis website** gives you an overview of which support is available.

Be sure to opt-in for **Weekly Advisor Alert emails**!

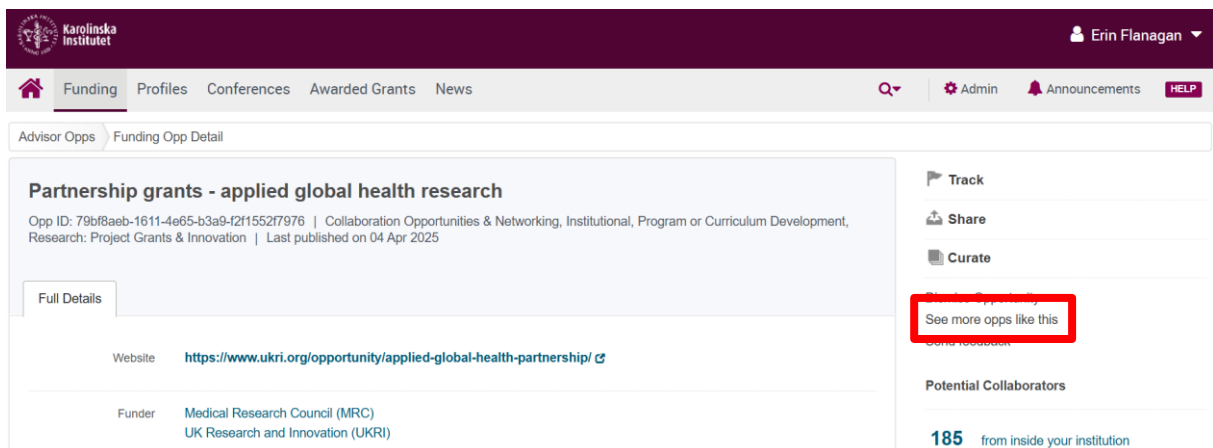

The screenshot shows the Karolinska Institutet Pivot-RP dashboard. The user is Erin Flanagan. The dashboard has a sidebar with navigation links: Home, Funding, Profiles, Conferences, Awarded Grants, and News. The main content area shows a list of funding opportunities. A red arrow points to the 'Weekly Advisor Alert email' checkbox, which is checked. The list includes:

Advisor	Deadline	Amount
Personal funding matches (506)		
Partnership grants - applied global health research Medical Research Council (MRC) UK Research and Innovation (UKRI)	16 Jul 2025 Stage 2 Applic... Confirmed	£1,000,000 GBP
Fulbright Specialists Program Foundation for Educational Exchange Between Canada and the US Fulbright Canada	Continuous Request for Fu... Confirmed	see record

Finding similar calls

When you find a relevant funding opportunity in Pivot-RP, explore the **“See more opps like this”** option to view similar calls.

The screenshot shows the details of a funding opportunity titled 'Partnership grants - applied global health research'. The opportunity ID is 79bf8aeb-1611-4e65-b3a9-f2f1552f7976. The website is <https://www.ukri.org/opportunity/applied-global-health-partnership/>. The funder is Medical Research Council (MRC) and UK Research and Innovation (UKRI). A red box highlights the 'See more opps like this' link in the right sidebar. The sidebar also includes links for Track, Share, Curate, and Potential Collaborators. There are 185 potential collaborators from inside your institution.

You can also **check the call’s tagged Keywords** for inspiration on any new Keywords to include in your future searches.

Abstract	The Medical Research Council invites outline applications for its partnership grants under the applied global health research programme. These support research that will address global health challenges and inequities... more »
Eligibility	To be eligible to apply for this funding opportunity applicants must be eligible as an individual and be based at an eligible research organisation. These include: <ul style="list-style-type: none"> universities or higher education institutions based in ... more »

Potential Collaborators

185 from inside your institution

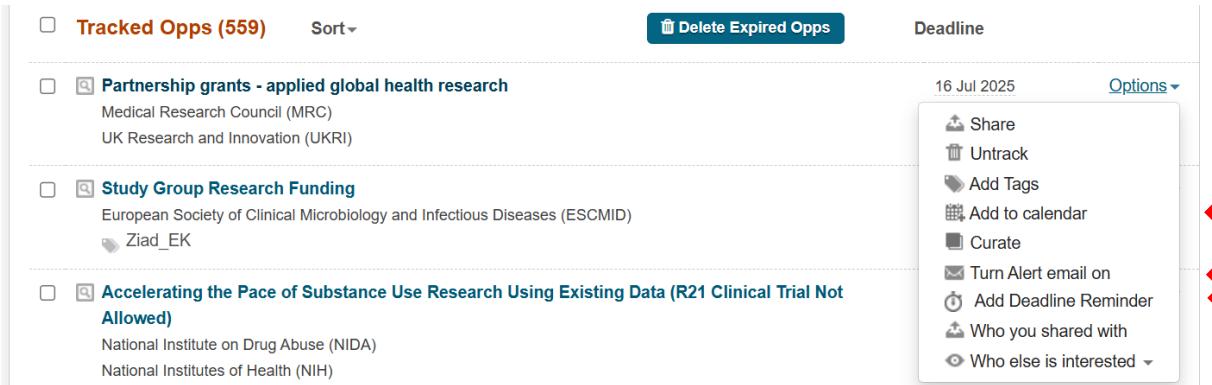

You can then **“Tag”** the tracked call with your own categories to group funding opportunities by, for instance, research topic or research project.

View your **Tracked Opps** and customized tags through the **Home** icon.

From the Tracked Opps page, you have a number of additional options, including **“Add to calendar”**, **“Turn Alert email on”**, and **“Add Deadline Reminder”**, among others.

Selecting “**Calendar View**” at the top of the Tracked Opp page will display either your pre-selected funding opportunities or your entire list of tracked funding opportunities in a calendar format in a new window.

The screenshot shows the Karolinska Institutet website's 'Tracked Opps' page. At the top right, the user 'Erin Flanagan' is logged in. A navigation bar includes links for Funding, Profiles, Conferences, Awarded Grants, and News. On the right side of this bar, there are links for Admin, Announcements, and a HELP button. Below the navigation bar, a 'Calendar View' button is highlighted with a red box. The main content area displays a list of tracked funding opportunities. The first two are 'Canada Fund for Local Initiatives (CFLI)' and 'Inkomster och försörjningsmöjligheter för en jämlik hälsa'. Each entry shows the deadline (12 Jun 2025) and the status (Proposals, Confirmed, Application, Anticipated). A 'Delete Expired Opps' button is also visible.

There, you can then opt to subscribe to or download this calendar of funding opportunities.

Note: The **Subscribe** option is dynamic and will automatically update any changes to the call in your calendar, while the **Download** option provides a static calendar file that will **not** automatically update.

The screenshot shows the 'Deadlines Calendar' page on the Karolinska Institutet website. The page title is 'Deadlines Calendar' and it states 'Deadline dates for the selected funding opportunities in your Tracked Opps list.' Below this, it shows 'Total Opps: 25'. There are two buttons, 'Subscribe' and 'Download', both highlighted with red boxes. To the right of these buttons is a 'Return to Result List' button. Below the buttons is a calendar for June 2025. The calendar shows dates from 1 to 14. On June 12, there are two events: 'Inkomster och...' and 'Canada Fund for Local Initiatives...'. On June 13, there are two events: 'HD Human Biology Project' and 'Amber Young Burns Research...'. On June 14, there is one event: 'Research Grants and Fellowships...'. The calendar also includes a 'today' button and navigation arrows for the month.

Important reminders

Review the **eligibility requirements** of each funding opportunity closely and refer to the full call text directly for additional information.

Control the **overhead coverage/INDI conditions** and **reporting requirements** of any new, unfamiliar funder. This is the responsibility of the researcher/applicant. Contact GPH Economy prior to applying if necessary.
