# Exit Poll for doctoral students 2025

Dnr 1-270/2026

More information: [Exit Poll for doctoral students | Staff Portal](#)

# Response rate Exit Poll

**Overall**

# Overall, I am satisfied with my doctoral education at KI

# I would recommend KI to prospective doctoral students

# Were you active in research at KI before formal admission (NOT include time in undergraduate or master courses)

**Supervisor**

# I would recommend my principal supervisor to prospective doctoral students

# To what extent have your supervisors displayed interest in your doctoral education?

# I have received adequate supervision

# Has there been any follow-up of your individual study plan during your doctoral education?

# Has there been any follow-up of your individual study plan during your doctoral education? *[Only "yes"-answers]*

# Degree outcomes

# Indicate to what extent, in your opinion, the outcome has been achieved – 2025

# (Degree outcome achievement)

Responses: "to a very small degree" + "to a quite a small degree"

## **The Degree outcomes:**

**A1.** Broad knowledge and systematic understanding of the research field as well as deep and current specialist knowledge in a particular aspect of this field

**A2.** Familiarity with scientific methodology in general and with the methods of the specific field of research in particular

**B1.** Capacity for scientific analysis and synthesis and the independent critical review and assessment of new and complex phenomena, issues and situations

**B2.** Ability to identify and formulate research questions critically, independently, creatively and with scientific rigour (vetenskaplig noggrannhet), and to plan and conduct research and other advanced tasks using appropriate methods and within given time frames as well as to review and evaluate such work

**B3.** Ability to make a significant contribution to the development of knowledge through own research, demonstrated through the writing of a thesis

**B4.** Ability to present and discuss research and research results, orally and in writing and with authority, both in national and international contexts and in dialogue with the scientific community and society in general

**B5.** Ability to identify the need for further knowledge

**B6.** Ability to contribute to the development of society and to support the learning of others in research, education and other advanced professional contexts

**C1.** Intellectual independence and scientific integrity as well as an ability to make ethical judgements in research

**C2.** Deeper insight into the possibilities and limitations of science, its role in society and the responsibility of the individual in its application

# Courses

# How well do the following statement describe the courses: The quality of the courses was consistently high

# How well do the following statement describe the courses: The courses were relevant to my thesis work

# How well do the following statement describe the courses: The courses offered fitted in with my wishes and needs

# Working environment

# I enjoyed a good working environment within my research group

# “I have experienced unequal treatment, discrimination, degrading behaviour and/or harassment”

**Departmental support**

# I recieved adequate assistance from the departmental director of doctoral studies during my doctoral education

# I recieved adequate administrative support from the departmental administrators during my doctoral education
