

# ISP-system workflow

Doctoral student is registered in Ladok and has an activated KI-ID

**Study administrator** gives ISP access to all supervisors

**Principal supervisor** creates a new ISP and presses **Save**

**Doctoral student**

**Principal supervisor**

**Dept. Study Director**

**Study Administrator**

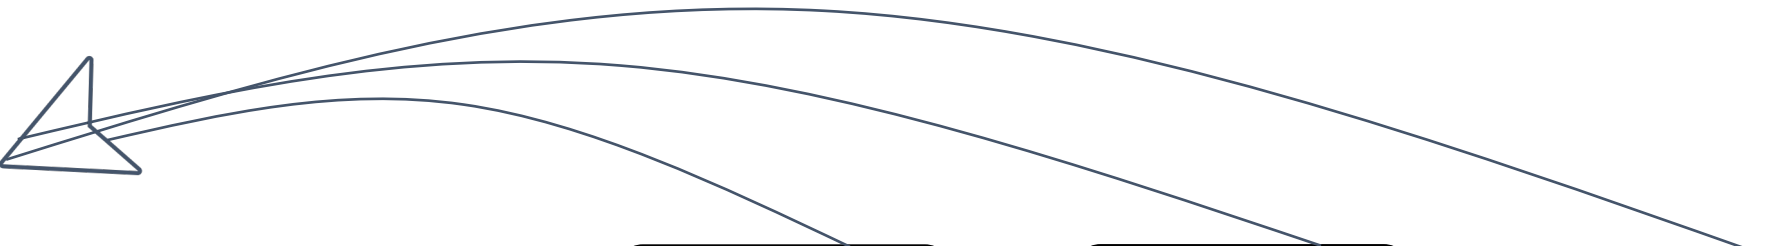

**Establisher (Study Director)**

ISP established. Must be updated every year.

ISP can be sent back to the doctoral student for further revision if necessary

They write ISP together and in consultation with co-supervisors. Doctoral student and principal supervisor must approve each other's edits before the ISP can be *sent forward* (no later than 1 month after admission)
