

E-mail signature in OWA 2010 (Outlook Webb App)

How to add an e-mail signature in OWA 2010.

1. Go to email.ki.se and log in to OWA. Click on **Options** up in the right corner, then choose **See All Options**.

2. Click on **Settings**. Check the **Automatically include my signature on messages I send**-checkbox, and then write the e-mail signature you want in the text field. Press the **Save**-button in the bottom right corner of the screen. Done!
