

**Department of Clinical Neuroscience**  
Division of Insurance Medicine

**Curriculum Vitae – Annina Ropponen born 1971**

**EDUCATION**

Koulutuskeskus Salpaus, Vocational Qualification in Business and corporate management, 2020

University of Helsinki, Faculty of Medicine, Docent (Public Health) 2013

University of Jyväskylä, PhD (health sciences/exercise medicine) 2006

University of Kuopio, Basic studies of Ergonomics 2006

University of Jyväskylä, MSc 1998  
Qualified teacher of health care  
Main subject: physiotherapy  
Minor subjects: sports medicine, education and exercise physiology

Health care institute of Lappeenranta, Physiotherapist 1992

**PROFESSIONAL EXPERIENCE**

Main areas of specialization

- Teaching: internet-teaching, student counselling, methodology
- Research: Genetic epidemiology, epidemiology, musculoskeletal disorders, sickness absence, disability pension, working hours, flexibility

**WORK EXPERIENCE**

Employer: Karolinska Institutet, CNS, Division of Insurance Medicine

- Senior forskare (25%), 1.12.2020-

Employer: Finnish Institute of Occupational Health, Helsinki

- Research professor, 1.6.2021-> (100%), Senior researcher, 1.10.2016-31.11.2018 (100%), 1.12.2018-31.5.2021 (80%)

Main duties: head of research projects of working hours, sickness absence and disability pensions

Employer: Karolinska Institutet, CNS, Division of Insurance Medicine

- Forskningssamordnare (25%), 1.12.2018-30.11.2020

Employer: Turku School of Economics, University of Turku, Department of Management and Entrepreneurship

- Senior researcher (50% of time), 1.11.2016-28.2.2017

Main duties: project researcher at SWiPE – Smart Work in Platform Economy research project funded by Academy of Finland and Strategic research council

Employer: Finnish Institute of Occupational Health, Helsinki

- Specialized research scientist, 7.1.2013- 30.9.2016

Main duties: research of epidemiology, flexibility of working hours and prolonging working careers

Employer: University of Eastern Finland, School of Medicine

- Post doctoral research fellow, 1.1.2008-31.12.2012

Main duties: research of social insurance, ergonomics and (genetic) epidemiology

Employer: Karolinska Institutet, Department of Clinical Neuroscience, Section of Personal Injury Prevention

- Guest researcher, post doc 1.10.2006-30.9.2007 and 1.-30.6.2010

Main duties: research of social medicine, social insurance and (genetic) epidemiology

Employer: University of Eastern Finland (former University of Kuopio), Institute of Biomedicine, Ergonomics

- Associate professor of ergonomics 1.1.2003-31.12.2006 and 1.1.2007-31.12.2011 (on leave of absence for working as guest researcher abroad 1.10.2006-30.9.2007 and for working as post doctoral fellow 1.1.2008-)

Main duties: teaching of ergonomics, student counselling, research of ergonomics

Employer: University of Kuopio, Open University, Centre for training and development

- Part-time teacher of ergonomics from 1.2.2000-4.9.2011

Main duties: teaching basic and subject studies of ergonomics

Employer: University of Jyväskylä, Department of Health Sciences, Twin Spine Study

- Researcher, from 1.2.1999 to 30.8.2003.

Main duties: research for PhD

Employer: University of Jyväskylä, Department of Health Sciences, Twin Spine Study

- Research coordinator from 1.2.1997 to 31.1.1999.

Main duties: Coordinating measurements and data collection of the Twin Spine Study, data entry, collaborating with partners

Employer: University of Jyväskylä, Department of Health Sciences, Exercise and estrogen of postmenopausal women

- Research assistant from 10.9.1996 to 30.10.1997.

Employer: Rehabilitation center Herttua, Kerimäki

- Physiotherapist 1.2.-15.6.1993 and 1.1.-31.8.1994.

Employer: Rehabilitation institution Mäkelä, Parikkala

- Physiotherapist from 1.9.1993 to 31.12. 1993.

## **ACKNOWLEDGED PROFESSIONAL SKILLS**

Certified European Ergonomist by Centre for registration of European Ergonomists (1.6.2007-31.12.2012, [www.eurerg.org](http://www.eurerg.org))

## **THESES**

Ropponen Annina, Academic dissertation: The role of heredity, other constitutional structural and behavioral factors in back function tests. Studies in sport, physical education and health 111. University of Jyväskylä, 2006.

Ropponen Annina, Thesis of advanced studies of sports medicine: Repeatability of life-time exercise reporting, University of Jyväskylä, Department of Health Sciences, 2001.

Oinonen Annina, Master's thesis: Effects of 26 weeks plyometric and dynamic strength training and estrogen replacement therapy on isometric muscle strength of postmenopausal women, University of Jyväskylä, Department of Health Sciences, 1998.

## **RELEVANT SOCIAL ACTIVITIES AND POSITIONS OF TRUST**

Reviewer (on request)	Twin Research and Human Genetics, 2013-
Reviewer (on request)	Scandinavian Journal of Work, Environment & Health, 2013-
Reviewer (on request)	Social Science & Medicine, 2013-
Reviewer (on request)	Journal of Epidemiology and Community Health, 2012-
Reviewer (on request)	BMC Public Health, from 2012-
Reviewer (on request)	several journals, 2006-

- Deputy member University of Kuopio, Center for Training and Development, Board, 2006-
- Chair of the session Nordic Ergonomics Society (NES) 38<sup>th</sup> Annual Conference. Hämeenlinna, Finland 24-27 September, 2006.
- Member Advisory Board for Rehabilitation Education, Kuopio Polytechnic, 2004-2006
- Member, secretary Advisory Board for Education in Health Sciences, University of Kuopio, Faculty of Medicine, 2003-2006
- Deputy member Board for University of Kuopio Centre for Training and Development, 2006-2008
- Associate editor Scandinavian Journal of Work, Environment & Health, 2018-
- Chair of the session Nordic Ergonomics Society (NES) 38th Annual Conference. Hämeenlinna, Finland 24-27 September, 2006.
- 22nd International Symposium on Shiftwork and Working Time. Elsinore, Denmark 8-12 June, 2015.
- WORK2017 – Work and Labour in the Digital Future. Turku, Finland 16-18 August, 2017.
- European Public Health Conference. Sustaining resilient and healthy communities, Stockholmsmässan, Stockholm, Sweden, 1-4 November 2017.
- EUMASS Congress, Maastricht, Netherlands, 4.-6.10.2018
- WORK2019 – Real work in the virtual world. Helsinki, Finland, 14.-16.8.2019
- 12th European Public Health Conference. Building bridges for solidarity and public health. Marseille Chanot, Marseille, France, 20-23 November, 2019.
- 15<sup>th</sup> European Public Health Conference. Strengthening health systems: improving population health and being prepared for the unexpected. Berlin, Germany, 9-12 November 2022,

## THESIS SUPERVISING

Supervised over 20 Master's thesis and several Bachelor's thesis. See <http://www.uef.fi/kttravi/gradut> (in Finnish)

Completed PhD-thesis under my supervision:

- Åsa Samuelsson: Risk factors for disability pension: studies of Swedish twin cohort. Karolinska Institutet. 2013.
- Susanna Järvelin-Pasanen: Työajat ja sykevälivaihtelu opetus- ja hoitotyötä tekevillä naisilla. University of Eastern Finland. 2014.
- Sanna Kärkkäinen: Risk factors for disability pension due to musculoskeletal disorders. University of Eastern Finland and University of Helsinki. 2019.

## SCIENTIFIC PEER-REVIEWED PUBLICATIONS: 130 (Scopus)

## RELEVANT PERSONAL EDUCATION

- Social epidemiology of work and health, 2 credits, 2012
- Statistical analysis of time to event data, 1 credit, 2012
- Expertise in internet teaching, 15 credits, 2007
- Teacher as a developer of the quality in the internet courses, 2 credits, 2006
- Practice course for twin research methodology, 1 credit, 2006
- Quality viewpoints to personal study plan of university student, 4 credits, 2006
- Personal study plan of university student and counselling, 2 credits, 2005
- Effective e-Moderating internet course, 2,5 credits, 2003
- First International NIVA Course on Occupational ergonomics: Work-related Musculoskeletal Disorders of the Upper Limbs and Back, 1 credit, 1999

## TEACHING AND LECTURES

University of Eastern Finland

- Introduction to quantitative methods of health sciences internet course, 5 credits, course director and internet tutor, 2004-2012
- Introduction to subject studies of ergonomics, 1 credit, course director and lecturer, 2004-2007
- Seminar of subject studies in ergonomics, 5 credits, lecturer, 2003-2007

- Work physiology, 3 credits, course director and lecturer, 2005-2007
- Labor protection justice, 1 credit, examiner, 2003-2006
- Shift work and sleep, 1 credit, examiner, 2004-2006
- Development to expertise in ergonomics, 5 credits, course director, 2005-2007
- Journal club of ergonomics internet course, 5 credits, course director, 2005-2007
- Thesis seminar of ergonomics, 7 credits, lecturer and supervisor, 2003-2007
- Basics in Ergonomics, 4 credits, course director and lecturer, 2003-2004
- Basics in ergonomics-internet course, 4 credits, course director and internet tutor, 2005-2007

#### University of Tampere and Technical university of Tampere

- Ergonomics and me internet course, 4 credits, course director and internet tutor, 2004-2007
- Physical ergonomics, 8 hours, Institute of Occupational Safety Engineering, lecturer, 2004
- Human system and physical capacity, 4 credits, Open university, Institute for extension studies, basic studies of public health, course director, 2001 and 2002

#### Other institutes and Universities

- Current in Ergonomics, 4 hours, Satakunta University of applied sciences, Continuing education centre, Physiotherapy and health care, lecturer, 2003
- Methods of information retrieval, 1 credit, Jyväskylä University of applied sciences, Social Services, and Health, Continuing education centre, Physiotherapy, lecturer, 2000

#### Invited lectures

- Upper extremities and ergonomics, Autumn days of the Finnish Organization of the Orthopaedic Manual Therapy and the Physicians Organization of Manual Medicine in Finland, 21.-22.11.2008

## GRANTS

#### Grants as PI:

- The Finnish Work Environment Fund, research project funding, 140 000€, 2023-2025
- Academy of Finland, DIGIHUM-programme, Project title: Utilizing digital data to measure working conditions in health care, research project funding, 240 000€, 2020-2022
- Forte, Challenges of working life-call, research project funding, 4 700 000 SEK, 2019-2022
- The Finnish Work Environment Fund, research project funding, 140 000€, 2019-2021
- The Finnish Work Environment Fund, research project funding, 2016-2017
- Ministry of Education and Culture, research project funding, 2013-2015

- Juho Vainio Foundation, personal post doctoral research grant, 2013
- The Finnish Work Environment Fund, funding for research project, 2008-2009
- Academy of Finland, Postdoctoral Researcher's project, 2008-2010
- Finnish Cultural Foundation, personal grant for academic dissertation, 2003
- Foundation of Orion Corporation, personal grant for academic dissertation, 2002
- Urheiluopistosäätiö, personal grant for academic dissertation, 2001-2002
- Ministry of Education, personal grant for academic dissertation, 1999-2001

Grants as co-investigator:

- The Finnish Work Environment Fund, principal investigator (PI) Tomi Kanerva, research project grant, 90 000€, 2019-2021
- AFA Försäkring, PI Pia Svedberg, research grant, 4 506 000 SEK, 2016-2019
- Vetenskaprådet, PI Pia Svedberg, research grant, 2 100 000 SEK, 2016-2019
- Academy of Finland and Strategic research council, principal investigator (PI) Anne Kovalainen, 2016-2019
- AFA Försäkring, PI Ellenor Mittendorfer-Rutz, 3,900,000 SEK, 2016–2018
- NordForsk, PI Mikko Härmä, funding for research project, 2015-2020
- The Finnish Work Environment Fund, PI Sampsa Puttonen, funding for research project, 2015-2017
- National Research School for Caring Sciences, PI Kristina Alexanderson, funding of a PhD-student for 4 years, Karolinska Institutet (KI), period 2008-2012
- SLS/Socialstyrelsen, PI Pia Svedberg, Research grants 300,000 SEK, period 2008-2011
- Magnus Bergvallsstiftelse, PI Pia Svedberg, Project grant 100,000 SEK, period 2009-2010
- Swedish Research Council, PI Pia Svedberg, project title: Risk factors for and consequences of being sickness absent/disability pensioned: a prospective twin study, 1,875,000 SEK, period 2009-2011
- Karolinska Institutet Research Network for Public and International Health, PI Pia Svedberg, Research grants 250,000 SEK, period 2008
