

Curriculum Vitae Kristin Farrants

Division of Insurance Medicine, Department of Clinical Neuroscience

Karolinska Institutet, SE-171 77 Stockholm, Sweden

Tel: +46-8 524 832 24 (to administrator)

kristin.farrants@ki.sewww.ki.se/im**Overview**

I am an assistant professor at the Division of Insurance Medicine, Department of Clinical Neuroscience, Karolinska Institutet, Sweden. My research interests are in the area of sickness absence, specifically sickness absence among people of higher ages in the workforce, psychosocial work environment and sickness absence, as well as sickness absence among white-collar and blue-collar workers, in general and in the trade and retail industry. I obtained my doctoral degree from Durham University, on the topic of changing welfare states and health inequalities.

Current position

2020 - Assistant professor, Division of Insurance Medicine,
Department of Clinical Neuroscience, Karolinska
Institutet, Sweden

Previous positions

2016 - 2020 Postdoc, Division of Insurance Medicine, Department of
Clinical Neuroscience, Karolinska Institutet, Sweden

2015 Research Assistant in Health Inequalities, Department of
Geography, Durham University, Great Britain

Education

2012-2016 Ph.D. Health Studies, Durham University

2011-2012 M.Sc. Policy Studies, University of Edinburgh

2008-2011 B.A. Sociology, Durham University

Main research grants*As main applicant*

- Vetenskapsrådet, "Morbidity among older women and men in paid work when aged 66-70 or >70 years, among all and specifically for the health and social care sector; prospective population-based cohort studies", 2023-2025; 3 000 000 SEK.
- Forte, "Gender differences among people aged 66-70 and above 70 years, respectively, regarding being in paid work and about their morbidity and sickness absence; prospective population-based cohort studies", 2022-2025; 5 610 000 SEK.
- AFA Insurance, "Sickness absence among blue-collar workers in the trade industry in relation to the Covid-19 pandemic: prospective cohort studies", 2021-2024; 3 763 000 SEK.

- Forte, “Health and morbidity among people in paid work after normal pension age: a systematic literature review”, 2020-2021; 740 000 SEK.
- Handelsrådet’s Autumn Call, “Sickness absence among white-collar employees in trade: prospective cohort studies”, 1 1793 850 SEK. Oct 2019-Sep 2021.
- Forte International Grant 2019, incoming researcher, “Psychosocial working conditions, emotional demands, and sickness absence: using job exposure matrices on large population registers”, 272 000 SEK. Jul 2019-Jun 2020.
- Handelsrådet’s planning grant for working environment in the trade industry, “Sickness absence among white-collar employees in trade: a prospective cohort study”, 100 000 SEK. Sep 2018-Dec 2019.
- Forte Working Life Research 2017, post doc grant, “Sick leave among those in paid work aged above 65: cohort studies of the Swedish total population”, 2 000 000 SEK. Dec 2017-Nov 2019.
- Durham Doctoral Studentship, tuition fees, living stipend, training costs. Oct 2012-Sep 2015.

As co applicant

- Forte Challenges in Working Life 2019, network grant, “The interdisciplinary research network for working life and ageing (IDEAR)”, 590 000 SEK. Jul 2019-Jun 2021.
- Vetenskapsrådet, infrastructure grant, “REWHARD - National infrastructure for research about social relations, work and health across the life course”

On-going supervision of Ph.D. students

2022-2026 (expected) Aleksiina Martikainen, KI, main supervisor

Supervision of Ph.D. students who have defended their thesis

20230526 Linnea Kjeldgård, KI, co-supervisor

Reviewer for international scientific journals
